G.P.S. use: 1 Medford Leas Way, Medford, NJ

2016-2017

SOUTH JERSEY CAMERA CLUB

www.sjcameraclub.org

Celebrating Our 40th Year

The South Jersey Camera Club was organized to promote the art and science of photography. Among its goals is the desire to unite others in sharing similar interests, to exchange ideas and photographic expertise, and to enhance the skills of club members.

The club sponsors an active program to achieve these goals. Outstanding speakers are selected to present interesting and informative programs. Field trips and workshops provide photographic opportunities and education.

Competitions in projected digital images, monochrome prints and color prints are held 9 times a year. Members compete for points and year end medals. Other competitions and seminars are also held in association with the Photographic Society of America (PSA) and the Delaware Valley Council of Camera Clubs (DVCCC).

Programs at monthly meetings are open to everyone. Membership is required to enter the competitions, attend the field trips, and participate in workshops. Annuals dues are \$40.00 for individuals and \$60 for families. Membership can be obtained at any club meeting or on our website.

Programs

Every month the South Jersey Camera Club holds Programs and Competitions except in December which is set aside for fellowship, networking, mentoring and more.

Typical Meeting Agenda

Visit the website for details on the workshop, meeting and competition topics.

6:15 – Pre-meeting workshop

7:00 – Meeting starts with announcements.

Then we have our presentation with the competition afterwards.

Workshops

Every month we hold in-depth workshops for members in good standing. To participate in a workshop, you must register on our website. If you sign up and cannot attend, you must cancel through our website as well. Workshop topics this year include:

- Adobe Lightroom
- Light Painting
- Photographing the NJ Pinelands
- Photography Boot Camp
- High Speed Photography
- Gear for Field Trips and Hiking
- HDR (High Dynamic Range) Techniques and Panoramas
- Creating Impressionistic Photography Using Textures
