Sara Marino – Beyond The Grand Landscape

- Expanding Your Vision to Include Nature's Smaller Scenes

Nature photography is about so much more than epic grand landscapes. In this session, Sarah will teach you how to see beyond the grand scenes to expand your photographic opportunities, improve your observation skills, work with any kind of light, and bring diversity to your photo portfolio. Sarah will share a lot of examples of intimate landscapes, abstract renditions of natural subjects, and portraits of plants and trees to inspire you to seek out small scenes next time you are outside with your camera.

Sarah Marino is a full-time nature photographer, photography educator, and writer who splits her time between a home base in rural southwestern Colorado and nomadic traveling in an Airstream trailer. Sarah's portfolio features a diverse range of subjects including grand landscapes, intimate landscapes, abstract renditions of nature, and creative portraits of plants and trees. Sarah's teaching, through speaking and in-person workshops, ebooks, and video tutorials, focuses on personal expression, seeing opportunities in any landscape, photographing nature's small scenes, and a slow style of photography focused on exploration and connecting with nature.

Behind The Lens Presentation: Mid-Season Edition - December 10

Sadly, because of the current COVID related restrictions, we are unable to host our holiday party this year. Instead, we will be using this scheduled time for another popular event. Many of you have requested that we hold our Behind the Lens program more frequently than just once a year. This calendar opening affords us the opportunity to do just that, with a special Mid-Season Edition.

We will focus on some of the amazing talent within our own club. And you get to decide who those featured presenters are.

Have you seen a photo presented in competition this year that absolutely blew you away? Do you want to learn what went into the creation of your favorite images? Do you want to help honor the talent that inspires you in your own work? Here's what you do:

Browse this season's [Competition Gallery on the SJCC Website](#) and choose the images you'd love to learn more about. The score it received in competition doesn't matter. The impact it had on you does. Any competition photo from June to November of this year is eligible for nomination. (The high scoring photos from our November competition will be posted within a day or two of the meeting.) Email us a list of your top picks (up to 10) to info@sjcameraclub.org by Nov 28th. The earlier we receive your nominations the better, as that gives us the ability to give the clear front-runners more time to prepare their presentations.

Include the following information in your email:

Subject Line of your email: Behind the Lens Nominations

For each photo nominated include: the month of the competition and whether color or monochrome (so that we can locate it), **the maker's name, and the title of the photo.** Note: clicking on the thumbnail in the gallery will reveal a larger view along with name and title.

Send to: info@sjcameraclub.org by November 28th.

We will invite the makers of the most nominated photos to speak briefly and answer questions about the approach, inspiration and creation of their notable work at our December 10th presentation meeting.

Wishing you a very Happy Thanksgiving.
