Also if you wish to give away anything, please feel free to bring that also. Like Photographic magazines that you read etc..

We also will be holding out annual Member Showcase. Through out the year we don't always have time to take more than a minute to enjoys each others photos. So today feel free to bring two of your favorite photos in to put on display. We will have plenty of time to walk around and enjoy each others photography. These photos must be matted, mounted or framed and able to stand on there own.

## At the Philadelphia Museum of Art:

Wild: Photographer, Michael Nichols

June 27, 2017 - September 17, 2017

“It’s all about respect for the natural world.”—Michael Nichols

Explore the work of legendary photographer Michael Nichols: artist, technical innovator, and ardent advocate for preserving natural habitats. Be transported through the split-second magic of images captured in some of the most remote areas of the world. Nichols’s stunning photographs offer intense confrontations with the power and fragility of the wild and a reflection of our own humanity

Our friends at Think Tank Photo have just announced an exciting new partnership with hard-case manufacturer SKB. Think Tank's designers have created internal divider sets, organizers, and a backpack designed specifically to fit within 10 SKB hard cases. There are times when you simply have to airline gate-check your most precious photography equipment. At moments like these, nothing will do a better job of protection than a hard case. But one of the downsides of hard cases is that they are basically hard shells with not a lot of other features built into them. Think Tank's partnership with SKB solves this problem. The result is the best of a hard case with the best of internal organization. Don't forget that with our special partnership with Think Tank that you receive free gear and free shipping when you order using our special link.
