Photographers Exploring the Art and Science of
Great Photography

Please as always sign in at the welcome desk
and wear your name badge.

After the meeting, you can put your name
badges back in the shoe box up front.

Also we run everything on a time schedule.

Please try to get here on time. If you know you
are going to be late, you can enter through the
first floor, use the elevator and enter the
auditorium through the back without any
disturbance.

Remember please keep quiet during the
program/judging. Turn off all cell phones.

Thank you

From all the board members of the DVCCC (Delaware Valley Council of Camera Clubs) I would like to say thank you to all the SJCC members that came out for our Photo Fling. Thank you also for all those DVCCC helpers that took the time to get up very early to set up, clean up, stay late and just hustle to make this a success. I hope everyone enjoyed it. We had numerous SJCC winners. We all hope to see you again next year.
Thank you, Jan Narducci DVCCC Sec.

Speakers to be announced soon.

I attend this conference also.

Our SJCC Rich Lewis will be doing a presentation.

71ST ANNUAL NECCC PHOTOGRAPHY CONFERENCE

JULY 15, 16, 17 2016

Our 71st Conference will be held that weekend at the University of Massachusetts Amherst Campus. NECCC is very proud to announce that Art Wolfe, renowned photographer, will be our keynote speaker Saturday night (sponsored in part by Canon). He is best known for color images of wildlife, landscapes, and native cultures. His American Public TV series, Travels to the Edge, helps us learn current photography techniques and appreciate the beauty of our natural world.

WELCOME TO THE MID-ATLANTIC AIR MUSEUM'S WORLD WAR II WEEKEND

Sponsored by Tamron and Hunt's Photo

This is a unique annual photo conference dedicated to macro photography. I've always wanted to design a program where professional photographers could come together and teach their skills in macro photography and post processing techniques to those who want to learn, and advance their macro photography to the next level.

This Macro Photo Conference will have plenty of how-to lectures and five hours of photographing with varying subject matter. The speakers will be available to help participants with composing subjects and technical aspects. So you need to bring your camera, macro lens, and tripod.

Speakers will have their books available, and will be happy to sign them for you.

We will also have a discussion on getting your images published, and selling through stock agencies with former Outdoor Photographer Magazine editor Rob Sheppard, and KAC Stock Agency owner Kathy Adams Clark.

The Crazy Frog Lady, Lisa Cuchara will have her exotic frogs back again for you to photograph.

Leading New England photo retailer Hunt's Photo will be there selling lots of photo products. Tamron will have a tech rep on hand with lenses available for you to try out.

There will be a limit of 100 participants, and it should sell out quick. Last year we had participants from 16 different states.
